AUDIO VISUAL

Audio Visual Technician | \$82

Pricing is per hour. 4 hour minimum.
Should your event require extensive audio visual (for example dual projection, multiple microphones) or the presence of a technician monitoring your presentations/needs throughout the day, The Golden Hotel will provide you with an AV technician. For a labor charge, an audio-visual technician will be made available for the duration of your event; includes set-up and operation. Audio visual cancellations must be made at least 7 days in advance to avoid fees. All audio-visual packages have a 1-day minimum rental period. The quoted prices assume a 1-day rental unless otherwise noted. Equipment and labor requests with less than 24 hours' notice including day-of emergencies are subject to an additional service charge.
